Under our revised Covid-19 Action Plan 3.0 we are now able to return to normal game scheduling.

This means we will no longer have a 30 minute break during the middle of our competition nights.

We have also reinstated our water cooler and encourage our players to use it for filling water bottles only.

What does this look like for you?

- We encourage everybody to use PayID up to 5pm on the day that you play to pay your game fees. This will limit the number of people waiting at the bar in close proximity as well as reducing the number of touch points with each other. The PayID number is 0412 955 559. [Click here for more information on how to use PayID](#). Please use your team name followed by your name as the reference when processing your payment. We will update all the team sheets at 5pm prior to opening and mark you off as paid.
- All Players must update their contact details on their team sheets as soon as possible and as they change.
- Game Cards have been scrapped. We trust all of our volleyball family to look after us and each other and pay your game fees. Your fees keep our doors open and our amazing DIBV Team employed.
- During the game we require players to respect each other's personal space on court as much as practicable.
At Half Time, players should be mindful of physical distancing while changing sides.
